Invent Your Own Tour

Canoe, raft and equipment hire

If you don't want a supported tour then why not invent your own? Our range of 1, 2, and 3 person canoes can be hired from a 3 hour period up to multi day hire.

While most canoes are used locally in the Murray River, they are licensed to be taken anywhere in the state. Our 2 person tube rafts are ideal for summer fun or even running some suitable milder rapids during the winter months. You can collect canoes yourself or take advantage of our delivery service.
