

Emission Reduction Plan

Dwellingup Adventures

Member Number: AT06842512

Industry: Accommodation, Tourism & Food Services

Location/s: Western Australia

12 Month Ending:

May 2026

Date of Report:

4 September 2026

Member Since:

Jun 2026

Core Stages:

Complete

Stage / Option	Action Detail		By When	Status
1:Measure	We are committing to take action to reduce carbon emissions			
	Carbon emissions footprint: 15.7 Less sponsored offsets: 0 tonnes Net carbon emissions footprint: 15.7 tonnes Emission data validation: Estimated Essentials, verified and input by the Member. Top Three of emissions: Business Fuels, Electricity			✓ Complete
2:Reduce	We are adjusting operations to reduce emissions			
	Optimise tour routes	We have optimised the number of routes by piggy backing deliveries and pick-ups for equipment and tours.	By 2026	✓ Complete
	Encourage passengers to travel light	We will encourage guests to pack light when travelling from interstate and international using air transport.	By 2027	⊖ Not Commenced
	Reduce power used to heat and cool	We have a set temperature of 24 degrees for all reverse cycle units.	By 2026	✓ Complete
	Reduce waste water	We have installed water saving taps.	By 2026	✓ Complete
	Use sustainable products	We select products for our retail store that are accredited as B Corp, 1% for the Planet or other reputable accreditation whenever possible.	By 2026	✓ Complete
	Source locally	We select wholesale products that are sourced locally where possible with least amount of travel miles.	By 2026	✓ Complete
	End single use plastics	We use paper bags for retail, recycle plastic money bags/print cartridges/batteries etc to prevent from ending up in landfill. We avoid pricing stickers, plastic wrap, and other unnecessary plastic.	By 2026	✓ Complete
	Install composting	We send all food scraps to chickens.	By 2026	✓ Complete
	Reduce waste to landfill	We have separate bins for food scraps, metal recycling, paper and cardboard recycling, general rubbish, 10c can/bottle collection and batteries/print cartridges to minimise landfill.	By 2026	✓ Complete
	Purchase hybrid vehicles	When we replace our existing ute and bus vehicles we will look for hybrid options to reduce fuel usage.	By 2030	⊖ Not Commenced
	Conduct an energy audit	We will complete an energy audit on all business operations by end of 2027.	By 2027	⊖ Not Commenced
	Replace lighting with LEDs	We will install LEDs in new kiosk project	By 2027	⊖ Underway
	Adopt energy efficient equipment	When we purchase a new fridge for kiosk operations it will be the highest star possible within budget.	By 2027	⊖ Underway
	Reduce waste to landfill	We aim to reduce our general waste to landfill by 20% by installing a bin separating station, improving direction of waste to recycling.	By 2027	⊖ Not Commenced
	Reduce the waste from our products and services	We reduce landfill by sending steel to recyclers, stripping old bikes for parts that can be re-used, selling 're-purposed' and 'second-hand' outdoor equipment and apparel. We collect CO2 cannisters that have remaining gas and transfer into other cannisters to reduce waste to landfill. We compress empty gas cannisters to send to recycling.	By 2026	✓ Complete
	Implement hybrid working	We have a flexible work-from-home policy where possible, reducing the amount of kms staff drive to work.	By 2026	✓ Complete

	Encourage ride-sharing	We are flexible with work times to support ride-sharing where feasible.	By 2026	✔ Complete
	Encourage bikes and scooters	We have bikes, change and shower facilities as well as a health and fitness culture to encourage staff to ride or walk to work.	By 2026	✔ Complete
	Involve others in action	We will join 1% For The Planet to contribute financially and partner with businesses that are environmentally active.	By 2026	⚡ Underway
	Buy second hand furniture	We use reclaimed and recycled timbers to build our own shelving, desks and furniture where possible.	By 2026	✔ Complete
	Adopt Australian made	We source local produce and buy Australian-made and Australian-owned. We support small business where possible. We purchase fair-trade where applicable.	By 2026	✔ Complete
	Choose sustainable suppliers	We source supplies and equipment from 1% For The Planet members.	By 2026	⚡ Underway

3: Avoid	We are adopting renewables for purchased power			
	Our Locations	Current Renewable Adoption	Action for 100% transition	Goal for 100% Transition
	Trails Shop	Low	GreenPower	By 2030 ✔ Complete
	DA Yard	Low	Installed Renewable Energy Equipment Solar panels	By 2030 ✔ Complete
	Kiosk	Low	GreenPower Installed Renewable Energy Equipment Solar panels	By 2030 ✔ Complete

Support

I'm supporting other businesses in efforts to combat climate change
